Are you a School Administrator, School Leader or a Representative of School Founding Authority?

Enable the Growth of your School(s) with Agile2Learn

Equip your educators with cutting-edge teaching methodologies. The Agile2Learn modules will empower them to implement agile project management, digital collaboration strategies, communication enhancement, team building, and self-management techniques in their classrooms. Foster a dynamic learning environment and drive positive change in your institution(s). Be a catalyst for education innovation!

We offer:

- **Blended learning course for educators** – 21 training modules to enhance transversal competencies (agile, digital and transversal) of educators + workplace learning guide to implement in their classroom
- **Communities of Practice platform** – a platform for sharing experiences and best practices around the implementation of the new educational approach (you can share experience, ask questions or network with more than 200 professionals already on the platform)
- **Agile2Learn Curriculum** – framework of our training structure for the use in development of innovative learning
